

REGIONAL ARTHROPLASTY SYMPOSIUM

Advanced 2-day Lecture Series

14th & 15th August 2014 | Nexus Bangsar South, Kuala Lumpur

Please mark your calendar and plan to join us for this Advanced Arthroplasty Course and Workshop. Our faculty of leading Orthopaedic experts are preparing a dynamic programme focused on the latest advances and trends in hip and knee arthroplasty.

Attendees can expect a highly relevant agenda featuring topics such as the workup and treatment of painful metal-on-metal bearings in hip arthroplasty, techniques for improving surgical accuracy in joint replacements and expert approaches for the management of infection, instability, implant loosening and peri-prosthetic fractures.
